MICRO
CORPORATION

Company Overview

Micro Corporation: The official name of the dental instruments factory.

Mission Statement: The company's vision and purpose in providing dental tools and equipment.

Leadership Team: Key individuals responsible for the leadership and operation of the factory.

. Product Range

A comprehensive list of the dental instruments manufactured by the company, such as:

- Diagnostic Instruments:** Mirrors, explorers, probes, and mouth openers.
- Treatment Instruments:** Scalars, excavators, curettes, forceps, and orthodontic instruments.
- Surgical Instruments:** Scalpels, surgical scissors, needle holders, and bone chisels.
- Restorative Instruments:** Filling instruments, reamers, and polishers.
- Dental Accessories:** Trays, sterilization tools, and storage boxes.
- Innovation:** Any efforts focused on research to improve existing instruments, develop new products, or integrate advanced technologies.
- Website:** Link to the company's official website where customers can browse products and make inquiries.

<https://microcorporation.com/>

MICRO
CORPORATION

Manufacturing Process

- Material Sourcing:** The types of materials used (stainless steel, titanium, or other high-quality alloys).
- Production Technology:** Overview of the technology and machinery used in manufacturing (e.g., CNC machines, laser cutting, polishing).
- Quality Control:** The measures taken to ensure the precision, durability, and safety of the products, including adherence to international standards such as ISO 13485 and CE certification.
- Customization:** Any options for customized instruments (e.g., engraving, specialized handles, or configurations).

Quality Certifications

- ISO Certification:** Information about compliance with international quality standards (e.g., ISO 13485 for medical devices).
- FDA Approval:** Details about certifications for selling dental instruments in regions like the USA.
- CE Marking:** Certification for products sold in European markets, indicating compliance with health, safety, and environmental requirements.

Overview: Micro Corporation Dental Instruments is a global leader in manufacturing high-precision dental instruments. With over 25 years of experience, we pride ourselves on delivering products that meet the highest standards of quality and safety.

MICRO
CORPORATION

Product Range:

- Diagnostic Tools: Dental Mirrors, Probes, Explorers
- Restorative Instruments: Fillers, Scalars, Pluggers
- Surgical Instruments: Forceps, Scalpels, Needle Holders
- Orthodontic Tools: Braces, Aligners, Tweezers

Quality Assurance: All products undergo rigorous quality checks, and we are ISO 13485 certified.

Our instruments are made from surgical-grade stainless steel and are compliant with CE and FDA standards.

Customer Base:

We serve over 50 countries globally, partnering with dental clinics, hospitals, and distributors worldwide.

Sustainability: We are committed to eco-friendly practices, including sustainable material sourcing and energy-efficient production processes.

Our Scalers

Compare our scalers and curettes with the best in the industry and you will immediately recognize we are equal in every way but one... price. Note the deep precision knurling for better textile feel. The same high-grade stainless steel tips, the same light weight (under 18 grams) for less hand fatigue, the same professional craftsmanship, and surpassing the highest industry standards of course and manufacturer can make these claims, but we guarantee and certify ours.

- High-polish mirror finish tips.
- Manufactured within the guidelines of the FDA quality assurance system for good manufacturing practices.
- Highest grade German stainless steel, razor sharp, durable tips. Rockwell hardened to 60 RHC.
- 27 of the most popular designs from Graceys to McCall's to Columbias, and many European patterns.
- All instruments are guaranteed against defects in material and workmanship.

- All instruments bear the CE mark, emblematic of the European community's highest standards.
- Customer satisfaction guarantee, too!
- Less than 20 grams ... Lightweight for less hand fatigue.
- Manufactured to the most exacting standards so the 50th instrument you buy is exactly like your first.
- You decide ... Why pay more for the same high-quality instruments?
